

**CERES Processing Oversight Board Meeting Notes**  
**March 4, 2015**

Meeting began at 1:00 p.m. in B2102 R114.

**Meeting Notes**

There were no comments or questions on the notes from the last meeting.

**Announcements**

- CPOB Meetings will be held in B2102 R114 through May 2015.
- Magneto is down indefinitely, which impacts Clouds SCCR 919. Rita will be delivering script and expected output updates which Tammy will re-test and re-release. Clouds 919 will be moved to the top of the promotion priority list.

**SCCR Discussion (SCCRs that have been submitted or updated since the last meeting)**

PR\_Database 1059 – Delivery of version 1.9.0 of the PRDB, which contains several new PGEs.

PR\_Database 1060 – Delivery of version 2.1.0 of the PRDB.

PR\_Database 1061 – Delivery of version 2.1.0 of the PR Web Interface.

Inversion 1062 – Delta delivery of updated scripts to ensure PGE CER4.5-6.0P6 will not run when there is no input data.

Perl\_Lib 1063 - Replacing the checks for the existence of required mountpoints for the DPO to instead try to follow the symbolic links.

There were no issues identified, so these SCCRs will be approved.

**CATALYST Status**

Updates continue. Many improvements have been made to the Operator's Console.

**PR Tool Status**

Several upcoming deliveries.

**Production Processing Status**

One update to the posted report – processing of Terra Edition4A Inversion is now complete.

**System Status**

Power failure at the ASDC – Several servers went down. Magneto went down and may not come back up. There may also be a problem with jb135 where passwords are changed. SGE is back up and jobs are running in production. The RT ticketing system is also down so send all problems to John Kusterer.

**Status of Open SCCRs**

- 1057 – Planning to retest in CM today.
- 1059 – Carla is hoping to deliver Friday, March 6<sup>th</sup>, but dsrv121, the development database server, is unavailable.
- 1062 – This delta delivery will be tested in CM by trying to run without the required input files.
- 1010 – May need to rerun the ValRs.
- 1023 – May need to rerun the ValRs.
- 1047 – Angel is running the test cases from the Test Plan.
- 1051 – Will probably be delivered next week.
- 1054 – Will be released with TISA Averaging 1024.
